ARTIST TALK: (W)ORD:EBBE+FLOW

Saturday 17 December 2022, 12-1pm
Upper Galleries, Royal Scottish Academy
£4 | £3 concessions | Free for members
(entry to the exhibition included price)

Co-curators of EBBE+FLOW, David Faithfull and Inni Maufe, will discuss the works that are the result of a four-year collaborative exchange between nine artists from Scotland and Norway.

EBBE+FLOW is an exchange exhibition, touring in its own wooden chest filled with artworks and images connecting Norway and Scotland. It grew out of a four-year collaborative project between nine artists based in Norway and Scotland: Marit Tunestveit Dyre, Rhona Fleming, Sarah Jost, David Lemm, Jon Macleod, Randi Annie Strand, Calum Wallis and co-curators David Faithfull and Inni Maufe.

EBBE+FLOW is a (w)ORD Residency project and captures the essence of the drifting cultural and nautical exchanges between two lands across the North Sea, both historically and today; the ebb and flow of tides, people and objects between Norway and Scotland, following the weather and the tidal streams, back and forth, from east to west and from west to east.

Everyone is welcome to attend - entry to the talks is included in the ticket price to the exhibition.
